Irregular Plurals

This deck of *Pair-Ups: Irregular Plurals* targets words that have irregular plurals, such as *goose/geese*. Each of the 26 pairs of cards consists of a singular card and a matching plural card.

At first, present up to six pairs of irregular plural cards at a time and make sure your students can label them and match them appropriately. As your students identify correct matches, model complete sentences that use the singular and plural forms correctly. Then use the cards to play games requiring matching pairs of cards, such as Go Fish and Memory.

Use your own judgment about the complexity of the responses to require from your students, depending on their expressive language skills.
