Synonyms

This deck of *Pair-Ups: Synonyms* targets words that mean the same thing, such as *small* and *tiny*. Each of the 26 pairs of synonym cards consists of two pictures of synonyms.

At first, present up to six pairs of synonym cards at a time and make sure your students can label them and match them appropriately. As your students identify correct matches, model complete sentences that use the target synonyms correctly, such as *A tree can be small or tiny*. Ask your students to name other things that show the same characteristics, such as bugs that can be *small or tiny*. Then use these cards to play games requiring matching pairs of cards, such as Go Fish and Memory.

Use your own judgment about the complexity of the responses to require from your students, depending on their expressive language skills.
